

# African Nuclear Physics Conference 2021

## Wednesday 22 September 2021

### Workshop Session 2: What new directions could stable ion beams and novel instrumentation bring to further our understanding of Nuclear Astrophysics? (14:00-15:25)

-Conveners: Augusto Macchiavelli

time	[id] title	presenter
14:00	[247] Photon Strength Functions: Prospects for Nucleosynthesis and Nuclear Structure Studies	WIEDEKING, Mathis
14:25	[255] Q&A with Discussion	MACCHIAVELLI, Augusto
14:35	[246] Novel Techniques for Understanding Reactions Critical to Astrophysics	CHIPPS, Kelly
15:00	[256] Q&A with Discussion	MACCHIAVELLI, Augusto
15:10	[258] Summary Discussion	MACCHIAVELLI, Augusto
