

# African Nuclear Physics Conference 2021

## Thursday 23 September 2021

### Session 9: Nuclear Structure, Reactions and Dynamics (11:30-13:30)

-Conveners: Alinka Lépine-Szily

time	[id] title	presenter
11:30	[188] Fission fragment spectroscopy of isotopically identified neutron rich nuclei	BHATTACHARYYA, Sarmishtha
12:00	[120] A study of the nuclear structure in the even-even Yb isotopes	ZYRILIOU, Aikaterini
12:20	[115] Direct Measurement of Fusion Reaction in $^{8}\text{B} + ^{40}\text{Ar}$ using the Active-Target TexAT	GUIMARAES, Valdir
12:40	[143] Look for non-axially deformed halo nuclei	ZHANG, Kaiyuan
13:00	[185] Novel method for accessing tens-to-hundreds femtoseconds nuclear state lifetimes, examples and results	CIEMAŁA, Michał
