

# Supervisor/Promoter Agreement

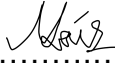

**Note: In order to improve the scientific quality and ensure credibility of published proceedings of the First Pan-African Astro-Particle and Collider Physics (PACP) Workshop , it is essential that manuscripts be evaluated by competent individuals. Unfortunately, the Astro-Particle and Collider physics community in Africa is small and the onerous responsibility of reviewing manuscripts cannot be left to a few individuals. As a supervisor of a student submitting a paper, you will automatically be added as a referee for the 2022 PACP Workshop proceedings.**
