

Kruger 2022: Discovery Physics at the LHC

Monday 05 December 2022

Session I (10:00-13:30)

time	[id] title	presenter
10:00	[48] Welcome from the National Research Foundation	NXOMANI, Clifford
10:10	[49] iThemba LABS: a unique subatomic physics facility in the continent and the southern hemisphere	AZAIEZ, Faiçal
10:40	[50] Welcome from the Department of Science and Innovation	Dr ADAMS, Daniel
10:50	[51] Structure of the Workshop	Prof. MELLADO, Bruce
11:00	Teak / Coffe break	
11:30	[53] The ALICE experiment: probing QCD matter at the LHC	ANTINORI, Federico
12:30	[52] New Physics in Flavour Observables? - B anomalies in semi-leptonic penguins	Prof. HURTH, Tobias
