

# National Science Week **2022**

"Celebrating the role of basic science in the modern world"

The Science engagement team at iThemba LABS would like to invite Science teachers to form part of the National Science Week 2022 event below

**2 & 4 August**

iThemba LABS will be hosting 2 educator sessions presenting non-specialist lectures on **materials research** conducted at iThemba LABS. The lecture presentation will be followed by a tour of the material research facilities and a networking session for educators to engage researchers at the facility.
