

African Nuclear Physics Conference (ANPC) 29 November 2023 - 3 December 2023 Change of Date Announcement

Owing to several logistics issues, the third **African Nuclear Physics Conference** (ANPC 2023) has been postponed until November 2023. The new dates are **Wednesday 29 November 2023 - Sunday 3 December 2023**. The conference will be hosted in a **hybrid** format and delegates will be requested to indicate how they will be attending upon registration.

As is tradition, ANPC 2023 will take the approach of combining a topical nuclear physics conference with a workshop on select open questions in nuclear physics.

The main topics of the ANPC 2023 are:

- Nuclear Astrophysics
- Nuclear Structure, Reactions and Dynamics
- Neutron Physics
- Applied Nuclear Physics
- New Facilities and Instrumentation

The topic for the workshop is:

- Opportunities for Knockout Reaction Studies

Information regarding registration, fees, abstract submission, venue, travel plans and further details will be updated on the [ANPC 2023 website](#) and provided via general announcements as they become available.

We look forward to seeing you there!
