

The African Nuclear Physics Conference 2023 (ANPC2023)

Saturday 02 December 2023

Session 11: Facilities and Instrumentation (14:00-15:10)

-Conveners: Diana Carbone

time	[id] title	presenter
14:00	[331] MAGNEX-FPD at iThemba LABS: enabling the heavy-ion detection capability at the K600 spectrometer facility	PELLEGRI, Luna
14:25	[279] Development of a novel self-calibration technique for γ -ray energy-tracking arrays	BENTLEY, Michael
14:40	[272] HiCANS neutron sources – The HBS project for a new class of accelerator based neutron sources	GUTBERLET, Thomas
14:55	[302] Portable African Neutron-Gamma Laboratory for Innovative Nuclear Science.	JONES, Pete
