

Invited Talk: Towards the Paarl Africa Underground Laboratory (PAUL)

Monday, 15 April 2024 10:00 (25 minutes)

We present a rationale, including science case for the PAUL and discuss the opportunity to establish the PAUL in the Huguenot Tunnel in the Du Toitskloof Mountains, between Paarl and Worcester, Western Cape, South Africa. The PAUL concept design, proposed science programme, engineering design guidelines and timelines are presented.
