

The African Nuclear Physics Conference 2025 (ANPC 2025)

Wednesday 26 November 2025

Session 9: Facilities and Instrumentation (10:45-11:55)

-Conveners: Gopal Mukherjee

time	[id] title	presenter
10:45	[94] Nuclear structure research at Australia's Heavy Ion Accelerator Facility: Electromagnetic properties and emerging collectivity in atomic nuclei	STUCHBERY, Andrew
11:10	[28] Progress in ion source development at the Low Energy Radioactive Ion Beam (LERIB) facility at iThemba LABS	SEGAL, Skye
11:25	[71] Warsaw active-target Time Projection Chamber for studying astrophysical reactions with gamma and neutron beams	CWIOK, Mikolaj
11:40	[57] PoFEL - the new Free Electron Laser research infrastructure in Poland	BIELEWICZ, Marcin
