

# Advanced Nuclear Science and Technology Techniques Workshop (ANSTT 6)

## Thursday 21 May 2026

### Cosmic Ray and Muon Physics and Applications - Auditorium (09:30-11:05)

-Conveners: Thomas Leadbeater

time	[id] title	presenter
09:30	[22] Cosmic rays – origin, composition, interactions and applications	Prof. HASHIM, Nadir
10:00	[40] Extreme Energy Events Project: A National Network of MRPC Muon Telescopes for Cosmic-Ray Physics and Science in Schools	Dr GARBINI, Marco
10:25	[20] Estimation of the composition of the primary cosmic ray particles by measurements of the cosmic ray muon component	Ms KIHAGI, Veronicah
10:45	[28] Compact scintillator-based neutron spectrometers for use in aviation and space applications	KIDSON, Miles
