

## High-performance Signal and Data Processing: Challenges in Astro- and Particle Physics and Radio Astronomy Instrumentation

Contribution ID: 57

Type: **not specified**

### **An intuitive Parallel Programming Tool-flow for Software Defined Radio Signal Processing on Heterogeneous Architectures**

*Friday, 31 January 2014 09:20 (20 minutes)*

**Presenter:** Mr MOHAPI, Lerato (University of Cape Town)

**Session Classification:** Parallel Session I - Digital Backend Processing Hardware & Tools
