

High-performance Signal and Data Processing: Challenges in Astro- and Particle Physics and Radio Astronomy Instrumentation

Contribution ID: 64

Type: **not specified**

Likelihood Analysis of Higgs anomalous couplings

Friday, 31 January 2014 11:50 (15 minutes)

Primary author: Mr AMAR, Gilad (University of Witwatersrand)

Presenter: Mr AMAR, Gilad (University of Witwatersrand)

Session Classification: Parallel Session III - High-throughput supercomputing & performance testing
