

# High-performance Signal and Data Processing: Challenges in Astro- and Particle Physics and Radio Astronomy Instrumentation

Contribution ID: 79

Type: **not specified**

## Performance Analysis of virtualization for high performance computing

*Friday, 31 January 2014 11:00 (20 minutes)*

**Presenter:** Mr CAWOOD, Matthew (University of Cape Town)

**Session Classification:** Parallel Session III - High-throughput supercomputing & performance testing
